#### Teneriffe and Madeira Hand-Embroidered Linens.

HE choicest Linens woven on Irish looms, shipped to the Canary and Madeira Islands to be hand-finished by patient, painstaking, native needleworkers—then to New York. And no one disputes the claim that they are the most beautiful Linens of the kind that come into the American market.

Once we bought them in the usual way-through importers, third parties. For over a year we have been making direct importations, cutting out the middleman's profit, lowering prices and creating a demand responsible for shipments almost weekly. The range of sizes we show is unequalled-the low
